HIGH GLOSS & SUPER MATTE

The high gloss and super matte finishes deliver a refined, modern elegance. High gloss surfaces provide striking reflectivity and a sleek, polished look, while super matte finishes offer a velvety, low-sheen appearance that feels smooth and sophisticated. Both finishes are engineered for resilience, easy maintenance, and lasting beauty.

Textured Door Finishes

The textured finishes blend the warmth of natural wood with the precision of modern engineering. These surfaces offer a rich tactile feel, subtle grain variation, and depth that elevates any contemporary space. Designed for durability and visual authenticity, they bring organic character to a clean, modern aesthetic.

What is the Capri Box?

The Capri Box is Adornus's premium Euro-style frameless cabinet box. It is built from 3/4" plywood and wrapped in a sophisticated Italian White Linen melamine, giving it a clean, modern, and durable finish inside and out.

With GOLA

An integrated aluminum handleless channel system for a true modern European aesthetic.

Without GOLA

A standard option that allows designers to use their own hardware or finger-pull systems.

Why Adornus?

At Adornus, we believe great cabinetry starts with care, especially for the materials we choose, the way each piece is crafted, and the homes our products become a part of. Every cabinet we offer is built with reliability, beauty, and everyday living in mind. Our production partnerships allow us to deliver consistent quality and thoughtful design, so you can feel confident in the spaces you create. From the smoothness of a door to the warmth of a finish, we focus on the details that make a house feel like home. With Adornus, you're not just choosing cabinetry, you're choosing comfort, durability, and a level of craftsmanship your home deserves.
