

DESIGNER SERIES

*A curated collection of semi-custom cabinetry
crafted with exceptional materials, refined finishes,
and meticulous attention to detail.*

INTRODUCTION

At Adornus, we believe every kitchen should be as unique as the family it belongs to. We offer a wide range of styles, colors, and finishes so your home can look exactly the way you've always dreamt it would. Every cabinet is built using only the highest quality sourced materials and highly skilled craftsmen meeting the highest standard in the industry, yours.

We know your kitchen is the heart of your home. That's why we're not just in the cabinet business — we're in the business of creating memories as timeless as our products.

The Designer Series is our most comprehensive cabinet line — built on the foundation of our trusted standard collection and elevated with full flexibility and an expansive range of options.

Featuring 15+ door styles, 20+ painted finishes, 5 oak finishes, and 5 alder finishes, every cabinet in the Designer Series can be modified to your exact specifications — width, depth, and height — giving designers, builders, and homeowners true creative freedom without compromise.

Choose from two interior options — standard birch or premium walnut — and pair with any door style, finish, and configuration to create a kitchen that is entirely your own.

CABINET CONSTRUCTION

Frameless Cabinet boxes are constructed of CARB Phase II certified plywood with wood veneer. Box sides, top, and bottom are built with ¾" plywood, reinforced with 3/8" plywood backing for maximum structural integrity.

Interior Options The Designer Series

- Standard Birch Interior — Clean, natural birch plywood with a clear UV finish

Drawer Boxes Drawer boxes are constructed of solid wood with a clear finish, joined with tight dovetails and a 3/8" plywood floor.

Shelving Shelves are made of ¾" plywood, edgebanded on the front and back. Wall cabinets 30" and 36" high include two adjustable shelves; 42" high wall cabinets include three. Base cabinets with full height doors include two 15" deep adjustable shelves. Tall cabinets come with 21" deep shelves.

Hardware

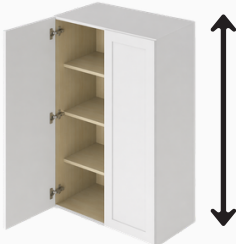

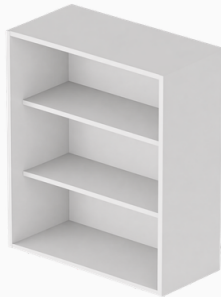

- Hinges: 6-way adjustable, concealed, 110° soft-close
- Drawer Glides: Undermounted, full extension, soft-close

Matching Edgebanding All exposed cabinet edges feature door color matching edgebanding for a seamless, finished look.

Toe Kicks Finished toe kicks (96" x 4½") are available for purchase separately.

NEW TO DESIGNER

The Designer Series continues to grow with an exciting range of specialty options designed to add texture, depth, and character to any kitchen. Metal mesh inserts in pewter and bronze are available to replace standard center panels, offering an industrial-meets-refined aesthetic perfect for custom cabinets.

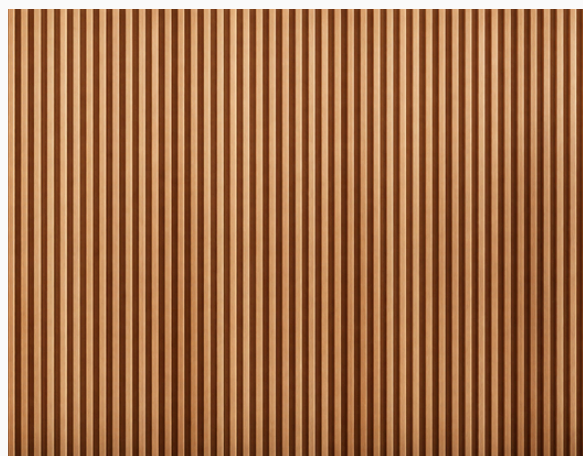

For a seamless, fully custom look, range hood options are available in all Designer Series finishes — Painted, Oak, and Alder.

NEW TO DESIGNER

Decorative panel options include cross-patterned and reeded designs, ideal for kitchen islands, end panels, and accent walls.

Rounding out the collection, sleek aluminum frame doors in black and bronze with coordinating dark grey or bronze glass bring a bold, contemporary edge to any design scheme.
